## Brief War News Summary

London, Aug. 25.—Premier Asquith announced in the House of Commons this afternoon that Field Marshall Sir John French estimated the British loss in the battle in south-west Belgium to be in the neighborhood of 2,000.

The French commander-in-chief has withdrawn all his forces from territory recently occupied, and is ranging them along with their British allies in a line between Maubeuge on the north and Douon on the south, a distance of about 200 miles. The allies having abandoned the offensive, will, according to official announcement, assume a purely defensive attitude, in the hope of checking the advance of the vast masses of German troops endeavoring to break through.

London, Aug. 26.—Despatch from Vienna to Reuters Telegram Co. by way of Amsterdam gives the official announcement that the Austrian government on Tuesday handed his passports to the Japanese ambassador. The Austrian ambassador at Tokio, it is also announced, has been recalled.

A combined French and British force is holding the front near Givet, along the river Meuse, about thirty miles below Namur, while French troops command the roads out of the great forest of Ardennes.

Upon the ability of the allies to hold the Germans, the French war office admits, depends the fate of France.

Earl Kitchener, secretary of war, announces that the 100,000 men asked for in the first instance have joined the colors, and declared that the reinforcements to the British army will steadily and surely increase until there will be an English army in the field which in numbers will not be less than in quality, and not be unworthy of the power and responsibility of the British empire.

Reports from the Hague say that the Germans who have been massed in large numbers along the Dutch frontier have disappeared, and that the mobilization of the Dutch army has ceased.

Mullhausen has again been evacuated by the French.

### NORTH SEA STILL BEING MINED BY GERMANS

London, Aug. 23.—The British official news bureau says:

"The admiralty draws attention to its previous warning to neutral ships of the danger of traversing the North Sea. The Germans continue their practice of scattering mines indiscriminately on the ordinary trade routes."

"These mines don't conform to the conditions of the Hague convention; they don't become harmless after a certain number of hours; they are not laid with a definite military purpose, such as the closing of a military port, or as a distinct operation against a fighting fleet, but appear to be scattered on the chance of catching individual British war or merchant vessels."

"Having this policy, neutral ships, whatever their destination, are exposed to the greatest danger."

"Two Danish vessels, the steamer Broderer, have within the last twenty-four hours been destroyed by these deadly engines in the North Sea, while travelling on the ordinary trade routes and a considerable distance from the British coast."

"In addition to this, it is reported that two Dutch steamers carrying cargoes of Swedish iron ore, captured by German mines in the Gulf of Finland."

"In the circumstances the admiralty desires to impress not only on the British but on neutral shipping the importance of touching at British ports before sailing the North Sea to ascertain according to the latest information the routes and channels which the admiralty is keeping swept and along which these dangers to neutral vessels and merchantmen are being removed as far as possible."

"The admiralty, while reasserting its liberty of action against this form of warfare, announces that it has not so far laid any mines during the present war, and is endeavoring to keep the sea routes open for peaceful commerce."

German preparation for the defence of Kiao Chan is complete. The governor of Kiao Chan, Meyer Weck, has issued a proclamation saying: "If the enemy wishes to take Kiao Chan he must come and take it. He will find us as at our post. We are well prepared to receive the enemy." The German emperor sent a message to Meyer Weck August 19 ordering him to defend Kiao Chan to the utmost.

Jack J. Jeffreys, of Woodville, left for Quebec on Saturday, having been called to report there forthwith. Jack is in the army reserves, having two years to serve. He is in the Royal Army Medical Corps. His many friends will wish him good luck, and may he return safe and sound to his home and family.

Miss Annie Lewis, of Edmonton, is spending a short vacation with her parents at Woodville.

St. Petersburg, Aug. 25.—

It is officially announced that the Russian forces are advancing on a broad front in Prussia and Galicia. Germans are retreating towards Koenigsberg. In Eastern Galicia the Russians have advanced to a distance of about 25 miles beyond the frontier.

The position in Poland is that while several towns in the west have been occupied by German detachments, Warsaw, in which several government offices were closed, are now opened. The position on the Russian frontiers are very satisfactory.

### BOMBARDING TSING TAU

Peking.—The main Japanese army is now landing near Tsing Tau, while the Japanese and British fleets are co-operating outside the port. British torpedo boats and gunboats mobilized before Tsing Tau, the German port of Kiao Chan, for the purpose of attacking the German batteries. After a few hours of firing the British retired in the direction of Weihaiwei. They suffered a loss of 11 men killed, and their loss was slightly damaged. Three thousand Russian troops have left Vladivostok for Tsing Tau.

### JAPAN DECLARES WAR ON GERMANY

Tokio, Aug. 23.—Germany having failed to reply within the time limit to Japan's ultimatum that they surrender Kiao Chow, the Japanese government yesterday ordered the beginning of war operations on land & sea. The time limit on the ultimatum expired at noon yesterday. The German ambassador was given his passports and ordered to leave immediately.

A despatch from London, which announced that the German emperor had ordered that the Japanese effort to take Kiao Chow be resisted, created only a mild sensation because it was discounted by the noon gun in Tokio which announced war, no answer to the ultimatum having been received.

Unconfirmed reports received here say seven battleships and five cruisers began the bombardment of Tsing Tau on Sunday afternoon and that it still continues. Another report is that the Japanese troops are being landed from transports at Haiyangsan to invest Tsing Tau from the land side.

### Allies' Checked.

The French war office issued the following on Monday night:—

"The French and English, the plan of attack having failed owing to unforeseen difficulties, have retired on the covering positions."

"West of the Meuse the English army on our left was attacked by the Germans, but behaved admirably, holding its ground with traditional steadiness."

"The French assumed the aggressive with two army corps. An African brigade in the front line, carried away by their eagerness, were received with a murderous fire. They did not give an inch, but counter attack by the Prussian guard, were obliged to retire, only, however, after inflicting enormous losses. The Prussian guards especially suffering heavily."

"East of the Meuse our troops advanced across an extremely difficult country and made a vigorous attack when they emerged from the woods, but were obliged to fall back after a stiff fight south of the river Sambre."

"On order of General Joffre our troops and the British withdrew to the covering positions. Our troops are intact; our cavalry has not been suffered and our artillery has affirmed its superiority. Our officers and soldiers are in the best of condition morally and physically."

### EDMONTON REGIMENT LEAVES FOR QUEBEC

Fifteen thousand persons lined Fourth street and Jasper avenue, massed themselves around the O.P. railway depot, Edmonton, and gathered in groups at every street crossing on the railway line between Jasper avenue and the southern limits of the city Saturday afternoon to bid farewell to the volunteer crumhorn regiment of the 101st regiment Edmonton Fusiliers. There were 915 in this contingent and 200 more will be sent next week. As the soldiers marched from the Fourth street station along Jasper avenue to the station scores of women were in the lines. These were mothers and wives and sisters and sweethearts. They all were smiling bravely; all had that drawn look of a conscious effort to be cheerful that is more pitiful to the beholder than tears.

Mr. Powell made a flying trip to Rimby last week after his team, which got away from some berry pickers. For further particulars apply to the picker.

Geo. Curry and Ed. Sewell, of Rimby, were calling in this past Sunday afternoon.

Mrs. Simmons and Mrs. H. Nelson, of Wiltonburg, spent the week end in this neighborhood visiting with Mrs. Sawyer and berry picking.

Gordon Capling visited last

### ULTIMA THULE

Weather fine, prospects fair, grain fine.

Harvest has begun, M. J. Sawyer being first to start binding in his barley, which promises to be a fine crop. M. J. has a field of Marquis wheat stands near five feet high and is as firm a piece of wheat as could be seen anywhere.

In spite of the great cry of war, German vessels being destroyed and other great disasters, there is a steady income of settlers to this part of the country, two families coming in recently—B. P. Sawyer's family, of Vancouver, and Mr. Powell and family of West Virginia.

## NOTICE TO ADVERTISERS.

All advertisements must be paid for in advance. No cash on delivery. The publisher is not responsible for the return of unsolicited manuscripts.

## WHEAT MAKES ADVANCE

Chicago, Aug. 23.—There was another war time flurry, led by wheat, on the board of trade today, and advances were secured all along the line. The advance in wheat was violent, and the close was at the top 2 1/2 to 3 over yesterday. Wheat opened steady, bidged sharply, traded a bit and then moved to the best price of the day. The close was close to the best price early in the war, when the market was swinging over a range of 60 to 65 cents a day. The influence over the governmental and financial arrangements made or in the making looking to the exportation of American food stuffs, notably the government insurance plan. A statement that certain of the warping nations would have to import in the neighborhood of six hundred million bushels of wheat in the next few years, was a factor. There was too great demand, but what there was sold at a high price. Cash wheat was even scarcer, with an active demand from millers. Oats were strong on the demand from exporters. Half a million bushels were reported bought here for the foreign account. A demand for land strengthened provisions.

## MORE MEN REQUIRED

London, Aug. 23.—The British papers are warning the people that the war is only beginning, and that they must be prepared for a long struggle, which will tax the resources and manhood of the nation to the utmost limit. While appreciating all that the colonies have done, they expect colonies with the population of Canada and Australia to contribute much more in men and money to the empire than they have as yet done.

## DEATH OF POPE PIUS X

Rome, Aug. 20.—Pope Pius X. died at an early hour this morning. The pope's last illness began almost suddenly with the great war in Europe. Those close to him believe that grief over the situation brought on the fatal crisis and an overwhelming fear that he was unable in his eightieth year to withstand still another attack of his old enemy, gouty catarrh. His health had been the poorest for many years, and lately, militantly the attacks have been so serious that the world has prepared several times to hear of his death.

SYNOPSIS OF CANADIAN NORTH WEST LAND REGULATIONS

THE Act to provide for the disposal of the lands of the Dominion in the Northwest Territories, and for other purposes, was passed by the Parliament of Canada in 1879. It is now amended by the Act of 1900, and the Act of 1905. The regulations under these Acts are as follows: 1. The land is divided into sections of 36 acres each. 2. The land is sold by public auction. 3. The land is sold to the highest bidder. 4. The land is sold for a minimum of \$100 per acre. 5. The land is sold for a maximum of \$1000 per acre. 6. The land is sold for a minimum of \$1000 per acre. 7. The land is sold for a maximum of \$10000 per acre. 8. The land is sold for a minimum of \$10000 per acre. 9. The land is sold for a maximum of \$100000 per acre. 10. The land is sold for a minimum of \$100000 per acre. 11. The land is sold for a maximum of \$1000000 per acre. 12. The land is sold for a minimum of \$1000000 per acre. 13. The land is sold for a maximum of \$10000000 per acre. 14. The land is sold for a minimum of \$10000000 per acre. 15. The land is sold for a maximum of \$100000000 per acre. 16. The land is sold for a minimum of \$100000000 per acre. 17. The land is sold for a maximum of \$1000000000 per acre. 18. The land is sold for a minimum of \$1000000000 per acre. 19. The land is sold for a maximum of \$10000000000 per acre. 20. The land is sold for a minimum of \$10000000000 per acre. 21. The land is sold for a maximum of \$100000000000 per acre. 22. The land is sold for a minimum of \$100000000000 per acre. 23. The land is sold for a maximum of \$1000000000000 per acre. 24. The land is sold for a minimum of \$1000000000000 per acre. 25. The land is sold for a maximum of \$10000000000000 per acre. 26. The land is sold for a minimum of \$10000000000000 per acre. 27. The land is sold for a maximum of \$100000000000000 per acre. 28. The land is sold for a minimum of \$100000000000000 per acre. 29. The land is sold for a maximum of \$1000000000000000 per acre. 30. The land is sold for a minimum of \$1000000000000000 per acre. 31. The land is sold for a maximum of \$10000000000000000 per acre. 32. ENTERTAINMENT  
OF  
TOWN AND  
DISTRICT.

# Local News.

A large shipment of hogs took place on Monday.

Mr. and Mrs. R. K. Allan and family visited Gull Lake last week.

Mrs. Curtis Ely, of Dalhousie, is visiting in town.

Have a look at Cook Mier's cabbage patch and then question his nationality.

John Hertz is said to have a dog which is receiving a great deal of sympathy.

Mrs. R. P. Bell was in Edmonton the other day.

Alexander & Tugman have erected a large coal warehouse near the elevator.

A. L. Farnum is spending his vacation in town.

Arthur Sayers has completed the plaster work on P. R. Stewart's new residence.

School resumed on Monday with a very large attendance.

Mrs. John Alexander of Springfield, is visiting in town.

Mr. and Mrs. Reid, of Perth, Ontario, visited with Mr. and Mrs. Hugh Miller the first of the week.

CLARK.—On Saturday, August 22nd, to Mr. and Mrs. Geo. Clarke, of Ferrybank, a son.

J. R. Fee, of the Department of Agriculture, Ottawa, visited with A. K. Kerr, his brother-in-law, last week.

Fred Hollen brought in ten hogs on Tuesday which turned the scales at 3,300 lbs.

Miss Esther Albrecht is spending a short vacation before returning to her duties at Donalda.

Miss Edythe Clark has just returned from Clark, after spending the summer with her sister, Mrs. E. Woods.

Big moving picture show and dance on Thursday, Sept. 3rd. The Lacombe orchestra. In Empress Theatre.

Miss Mollie Brash, who has been visiting with relatives in Drinkwater, Sask., returned home on Tuesday.

Mr. and Mrs. J. E. Zachary have their daughter, Mrs. Robert Pigott, from Texas, visiting them.

W. H. Hustler, of Edmonton, has been visiting his sister, Mrs. G. F. Driver.

It is nice to go out among our farmer friends and see how they are doing. The other day C. E. Bush's place was visited. If any one had a struggle at the start it was friend Bush, but now he is a winner. His farm is well stocked and the future is bright. The garden is not just so good as last year, but nevertheless is a sight to see, and from this source alone a nice revenue will be forthcoming.

Chas. Rich, of Bow Island, has been in our midst for a day or two looking over the situation. He was sent as a delegate to secure farmers to rent by a number of farmers of his district, who are anxious to come north with their stock on account of the crop failure in the south. He returned home on Monday, and is coming right back.

Mr. and Mrs. E. M. Day, of Thumeford, Ontario, who are touring the Western Provinces, spent a few days at the homes of the former's cousins, Mrs. John Bowie and Mrs. Sutherland, of Morninsgate.

Miss Florence Lee left on Monday for Calgary to enter the Garbett Business College.

Teachers.—Mrs. Spackman  
Mr. Mooney  
Miss J. Dick  
Miss S. Grey.

### WOMEN ON FARMS

Although the excellent resolution passed recently by the Royal Oak and Langford Women's Institutes was debated at a time of national peace, the importance of the suggestion stands out even more strongly now. If, as the resolution intimates, women on the farms suffer unnecessarily in times of peace, what must their outlook be in time of war?

The resolution reads: "Whereas changing industrial conditions have deprived the home of a large extent of family help, making the burden of the work intolerably heavy for the mothers, and whereas the results in rural districts is apparent in the steadily depopulation of the farms, the successful making of the home the abode of the woman, and whereas the situation is utterly beyond adequate individual initiative and is one that strikes at the very root of national well-being, therefore be it resolved that we petition the government for possible official stations for the consideration of home problems."

The Hazel Hill school-house has been receiving a deal of repairs recently. Painted, concrete foundation, and new floor. A. Loving handled the hammer and trowel while Professor Berry wielded the brush. Parents, children and others are complimenting the two gentlemen on the excellence of the work. The Herald congratulates the district in having such talented workers to draw from.

The Agricultural Society Directors are busy making arrangements for the forthcoming fair, which will be held on October 7 and 8. The prize-list is about completed, and as is former years, the storekeepers are to the front with their advertising. War or no war, the business men are ever ready to assist our fair, and this year shows that the advertising pages are fully as numerous as in the past. Every individual should help make the fair a success. Remember Tuesday and Wednesday, October 7th and 8th.

Farmers, like other individuals, are open to conviction, and so it has come to pass that J. D. Dufford, his wife and family, have come back to make their home with us. You remember them? Lived just north of town on their fine farm, and were doing well, but one evening last spring took a sudden notion, with the result that a sale was called, and they went forth. Mr. Dufford is candid, and owns up that he is convinced this is the best spot on earth in which to live and make money.

Deafness Cannot be Cured by local applications. There is only one way to cure deafness, and that is by constitutional treatment. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running ear, or a perforated eardrum, and when it is inflamed, deafness is the result, and unless the inflammation can be removed, and the tube restored to its normal condition, hearing will be destroyed forever, since cause will be doing by itself, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by local Catarrh Cure. Send for circulars free.

F. J. CHERRY & CO., Toledo, O. Sold by Druggists, etc.

Call Hall's Family Pills for constipation.

Housekeepers take a Holiday while the hot weather lasts and . . .

Leave your Baking to . . . Us . . .

That's our business, and we aim to please

HON. MR. FIELDING  
AND FREE IMPLEMENTS

What Liberal Finance Minister Said  
in 1907—Anxious to Ensure Manu-  
facture in Canada

In the course of the debate on the reduction of the duty on binders, mowers, and reapers from 17 1/2 per cent to 12 1/2 per cent, the Minister of Finance called attention to the statement made by his predecessor, the Hon. W. R. Fielding in 1907, when a motion was introduced to put implements on the free list.

Mr. Fielding said at that time—  
"My belief is that if this motion were passed we would strike a severe blow at one of the great industries of the country. I believe the International Harvester Company would do it to the interest to close up its business in Hamilton, at least so much of it as is devoted to mowers and binders and have them made at the American branch and bring them from the United States. The factory in Hamilton is an American concern. With a moderate duty we have induced American capital to come into Canada and to establish that great industry, and after we have brought it in and established it in Canada, I believe that if we were to pass this resolution the company operating that industry would find it profitable to close the Hamilton factory and bring in the goods which they make in the United States."

The freight rate from Chicago and vicinity, in which a great portion of the implements made in the United States for use in the territory adjacent to Minneapolis are made, averages 20 cents per hundred in car load lots from Chicago to the coast. In comparing the price of implements for cash or time in Winnipeg or points adjacent thereto, it should be borne in mind that the freight rate per hundred pounds is 64 cents from Grand Rapids, Hamilton and Toronto in carload lots to Winnipeg. When the price of implements in the Western States, such as Montana, is compared with the price of implements in far West points in Canada, that is where the freight rates are equal, it is seen from the figures submitted by the Minister of Finance that the price is approximately the same in Canada as in the United States.

## HOME MADE BRICKS

How Medicine Hat Board of Trade  
Fought For Home Products

The Medicine Hat Board of Trade a few weeks ago waited on the Board of Education with respect to the contract for bricks for a new school that it is erecting. In addressing the board, the chairman of the delegation spoke as follows:

"I would like to suggest that if possible you have the brick for this school made here in town, or if that is impossible at Medicine Hat, it leaves a very bad impression on people coming into the town and viewing the building when completed and saying: 'You manufactured that brick here did you not?' and we have to say 'No, we sent to the States for it.' It also keeps a lot of money in the town which would otherwise go to the other side of the line. We believe the time is ripe for an agitation for the selling of home products." Mr. Huckle, chairman of the board replied that the reason for sending across the line for the brick was that it would lessen the amount of stone that they would have to get which also comes from the States. Mr. Chudleigh replied that good manufacturers of bricks could be got in Lethbridge, but the board claimed that the plant at Lethbridge did not have machinery enough to turn out the brick needed to the new school. Mr. Huckle went on to state that the outside brick would be all that would be imported and that all interior brick would be furnished by local dealers, the amount of outside brick will come to about 200,000, while the interior will reach 2,000,000. He also stated that all the building on this year's programme with the exception of the technical school would be built of local brick and assured the delegates that they would give the matter further attention with a view to seeing what could be done.

Every Canadian Board of Trade, particularly those in the West, should look into the question of purchase and should insist, wherever possible, on the home made product having the preference, even if necessary at a slightly higher price. When we buy goods at home, that is in our own town or in Canada, we get the goods and the money; when we buy goods made in England or elsewhere the foreigner gets the money and we get the goods.

## District News

## ASKEW.

Mr. and Mrs. Geo. F. Root, of Water Glen, Mr. and Mrs. Geo. of Wetaskiwin, Mrs. H. Fitch, of Water Glen, motored to Wilcox, Manitoba, place Sunday.

Mr. and Mrs. John Lewis, of Eureka, were visiting with Mr. and Mrs. William Magers and family on Tuesday last.

Grates are extra durable. Coal grate is duplex. Wood grate is the most modern type.

McClary's  
RANGE

will take extra large pieces of wood—just remove back end lining. Ask the McClary dealer to show you.

## SPRINGDALE

"Springdale again makes its bow society as represented by the results of the Herald."

We are all getting along very nicely. Ladies picking berries, the men busy with the harvest. Much grain has already been cut, and many berries picked and also split.

Some of us have escaped the hail very well on the whole and can feel thankful and sympathize with our neighbours of the north, who did not escape so well. Never mind, better luck next time.

Mr. and Mrs. Stelfox, H. Stelfox, D. Glyde, Miss Glyde, and Mr. and Mrs. Flansburg were visiting with Mr. and Mrs. Chubb on Sunday.

There is to be a dance at Mickey's Friday week, Sept. 4. School is to be held here in the fall we are told.

Fred Warren paid a visit to Springdale on Sunday.

## HOME GLEN

On Monday, Aug. 24th, at 9 a.m., sharp the little white school house in the valley will open its doors to receive pupils. The opening will happen on Tuesday morning, Wednesday morning, Thursday morning and Friday morning. On Saturday there will be a chance, the little school will be locked on Friday evening, and will not be opened until Monday, Aug. 31st. This alternate opening and closing of the school doors will continue until Sept. 15th, when they will be closed for an indefinite length of time.

Mr. and Mrs. T. Torson and Mr. and Mrs. Redinger were recent visitors at the home of Mr. and Mrs. Robert Caldwell.

Messrs. R. and T. Burns were in Wetaskiwin on Thursday market.

Ira Dewell was a Sunday visitor at Burnham.

On Sunday, one of our home-decorators were seen giving "Barney" his pet pig a joy ride in a wagon "Barney," it is said was very much delighted, and expressed his thanks in a very vociferous manner.

Messrs. E. Dye and J. Knowles and family engaged these days put up hay.

The Homelegionaries are a happy, contented and prosperous set. They rise early in the morning, they work hard all day, and they retire early at night. They do all things that affect the outside world as well as in those things which more directly affect their own welfare. At the present time the topic which is uppermost in their minds is the war, and many are the conjectures which they are continually making regarding the outcome of the war. Before long they will, no doubt, organize themselves into a regiment, and they will be second in command. The plan of the officers will, we have reason to believe, be to drive the enemy into the big blough which lies near Scotty's farm. We do not know what weapons they intend to use, but we have our suspicions, for the other day, so it is said, Robbie John was seen carrying scythes, hoes, pitch forks, and hay knives, and placing them in Chem. Pike's house. We cannot, however, testify for the veracity of this last statement. We, however, wish the Homelegionaries every success, and feel satisfied that if they ever receive the call to go they will respond to a man.

On Sunday afternoon at 4:30 Lee Caldwell started to roll up hills again.

Master Robert John accompanied by Mrs. Knowles visited at Burnham on Wednesday last.

Lloyd Tennie has returned home to take up work on his farm.

During the past week the Secretary of our school district received a consignment of books from the Department of Education. These books will form the nucleus of our school library. We are hoping that good work will continue, and that before long we shall have a good number of books on the school shelves.

Miss M. Teller, of Edmonton, is staying with Mr. and Mrs. Lindholm for a few days.

Donald Ottas is back again on

the old spot. No place like Water Glen is his confession after a tour of the province.

Walter Sealooke from Ponoka is working for Geo. F. Root.

Mr. Bashaw, from Edmonton was out here in his automobile on Friday, stopping at the store.

Mrs. Swan from Iowa along with her two boys is spending a short vacation with Mr. and Mrs. G. E. Rogers.

School started on Wednesday, with Miss Minnie Ringwall as teacher.

Messrs. Root and Johnson were in town with hope last week.

Service was held in the Lutheran Church on Sunday last.

Tom Burdett, Jack Dunkerley spent Sunday with the Hagelstads. Otto W. Johnson brought a brand new binder out from Bashaw on Thursday.

Ed. Boddy banked a load of cement out on Friday for the last. Gordon Stevenson has left for his home in Montana. Gordon has been the guest of Mr. and Mrs. Boddy for a couple of months.

A dance was given by Mr. and Mrs. Lindholm on Friday, and was greatly enjoyed by a crowd of young people.

Mr. and Mrs. Geo. Rogers had a few friends spend Saturday evening with them. A pleasant time was spent.

It's kind of late news but we should mention that a contingent from Water Glen went up to the Edmonton Exhibition last week. Arthur Sykes is expecting a visit from his folks this fall.

At the time of writing everybody is in the thick of harvest. Miss Nellie Boels left here Thursday for Camrose to attend Normal.

## War Jottings

British bakers announce they will bake free Canada's gift of flour. Messrs. Price, of Cambridge, will lead the way, offering to bake 10,000 pounds of flour weekly and 250,000 pounds in all and deliver it free of all cost at any authorized depot.

Paris, Aug. 22.—A general mobilization in Italy has been decided upon and will be proceeded within three or four days, according to a message which the Rome correspondent of the Eclair succeeded in smuggling through to his paper. The correspondent asserts that King Victor Emmanuel until recently felt obliged to renounce all idea of Italian intervention on the conflict, but was won over by the arguments of his ministers. Minister of foreign affairs, Marquis Antonio Di San Giuliano, alone of the cabinet held to a contrary opinion.

A despatch to the Havre agency from Rome says that the correspondent of the Giornale D'Italia at Trieste relates that during Thursday night the Austrian fleet

engaged in a violent artillery combat with an imaginary fleet. According to the correspondent the mistake was discovered only after a six hours' cannonade.

On the 22nd great excitement was caused in the city of Red Deer when it was made known that the 35th Regiment Central Alberta Light Horse, which with Major J. C. Moore, volunteered for active service, were to leave for the front. The message was received by Major Moore while at drill, and while the boys had been told to hold themselves ready to leave, they only had a short while to make their adieux. Seventy men under Major Moore left at noon amidst the hearty cheers of hundreds who came to the station to say good bye and wish them well. The majority of the members are from Red Deer city and district, though there were some from Lacombe, Clive, Alis, Ponoka and Pine Lake.

A despatch to the Exchange Telegraph company from Cetinje says that a British fleet supported by French warships, in conjunction with Montenegrin batteries on Mount Lovchen, bombarded the Austrian fortifications at Cattaro, greatly damaging them.

According to a Central News despatch from Rome, many Austrians were drowned in their flight to the Drina river, the Serbian artillery annihilated the survivors. The correspondent says 25,000 Austrians were killed or wounded in the battle and that 10,000 were taken prisoners.

In a despatch from St. Petersburg the correspondent of the
